Don't Sit Under the Apple Tree

Don't sit under the apple tree

With anyone else but me

Anyone else but me

Anyone else but me

No! No! No!

Don't sit under the apple tree

With anyone else but me

Till I come marching home.

Don't go walking down lovers lane

With anyone else but me

Anyone else but me

Anyone else but me

No! No! No!

Don't go walking down lovers lane

With anyone else but me

Till I come marching home.

For Me and My Gal

The bells are ringing for me and my gal

The birds are singing for me and my gal

Everybody's been knowing

To a wedding they're going

And for weeks they've been sewing

Every Susie and Sal

They're congregating for me and my gal

The Parson's waiting for me and my gal

And someday

I'm goin' to build a little home for two

For three or four or more

In Love-land for me and my gal

Let Me Call You Sweetheart

Let me call you sweetheart

I'm in love with you

Let me hear you whisper

That you love me too

Keep the love light glowing

In your eyes so true

Let me call you sweetheart

I'm in love with you

My Wild Irish Rose

My wild Irish Rose, the sweetest flower that grows.
You may search everywhere, but none can compare
With my wild Irish Rose.

My wild Irish Rose, the dearest flower that grows,
And some day for my sake, she may let me take
The bloom from my wild Irish Rose.

L-O-V-E

L is for the way you look at me

O is for the only one I see

V is very, very extraordinary

E is even more than anyone that you adore can

Love is all that I can give to you

Love is more than just a game for two

Two in love can make it

Take my heart and please don't break it

Love was made for me and you

(I Love You) For Sentimental Reasons

I love you for sentimental reasons

I hope you do believe me

I'll give you my heart

I love you and you alone were meant for me

Please give your loving heart to me

And say we'll never part

I think of you every morning

Dream of you every night

Darling, I'm never lonely

Whenever you are in sight

I love you for sentimental reasons

I hope you do believe me

I've given you my heart

Fly Me to the Moon

Fly me to the moon

Let me play among the stars

Let me see what spring is like

On a-Jupiter and Mars

In other words: hold my hand

In other words: baby, kiss me

Fill my heart with song

And let me sing for ever more

You are all I long for

All I worship and adore

In other words: please, be true

In other words: I love you

It's Been a Long, Long, Time

Kiss me once, then kiss me twice

Then kiss me once again

It's been a long, long time

Haven't felt like this, my dear

Since I can't remember when

It's been a long, long time

You'll never know how many dreams

I've dreamed about you

Or just how empty they all seemed without you

So kiss me once, then kiss me twice

Then kiss me once again

It's been a long, long time

On Moonlight Bay

We were sailing along on Moonlight Bay

We could hear the voices ringing

They seemed to say

"You have stolen her heart"

"Now don't go 'way"

As we sang love's old sweet song on Moonlight Bay

Lean On Me

Sometimes in our lives
We all have pain, we all have sorrow.
But if we are wise,
We know that there's always tomorrow.

Lean on me when you're not strong
And I'll be your friend, I'll help you carry on
For it won't be long
'Til I'm gonna need somebody to lean on.

Please swallow your pride
If I have things you need to borrow
For no one can fill those of your needs
That you won't let show.

You just call on me, brother, when you need a hand
We all need somebody to lean on.
I just might have a problem that you'll understand,
We all need somebody to lean on.

All You Need is Love

Love, love, love

Love, love, love

Love, love, love

There's nothing you can do that can't be done

Nothing you can sing that can't be sung

Nothing you can say but you can learn how to play the game

It's easy

Nothing you can make that can't be made

No one you can save that can't be saved

Nothing you can do but you can learn how to be you in time

It's easy

All you need is love

All you need is love

All you need is love, love

Love is all you need
